SUSTAINABILITY DEPARTMENT		GTPOL018

Goldtree SL Ltd is fully committed to securing the safety of its workforce, visitors and others who might be affected by its transport activities and to continuously ensure improvement in respect to transport safety performance.

Goldtree's specific objectives are:

- To ensure safe transport between Goldtree estates, in respect to company activities.
- To avoid transport related injuries and damage to property, including for local residents.
- To continuously improve transport safety performance.
- To carry out risk assessments of transport operations and implement measures to control or prevent identified risks.
- To deliver trainings and sensitization of the workforce to ensure individual awareness of safe travel behaviour and responsibilities, and to build the required skills and competencies of drivers.
- To implement regular and broad communication in respect of good practices in transport safety.
- To encourage a sustainable behavioural change to promote an organization that gives high priority to transport safety.
- To have zero tolerance when its vehicles are driven without respecting traffic laws.
- Promote and implement this policy with its subcontractors

Date of approval: February 2020

Signed: Pieter Van Dessel

General Manager Goldtree (SL) Ltd
